Fax to (707) 864-9680  
Or email: [orgnow@comcast.net](mailto:orgnow@comcast.net)

**No refunds on cancellations less than 24 hours in advance.**

**A = AIR**                      **V = VOLATILE**  
**B = BUSINESS**           **O = ORGANIC**  
**C = CONTROL**            **C = COMPOUNDS**

In the world of industrial painting the A-B-C's of VOCs means knowing why and how the regulation of volatile organic compounds in coatings effects your business.

The Bay Area Air Quality Management District is one of the governing bodies that regulates the allowable VOC limits in coatings for both Architectural and Industrial categories. Their purpose is to safeguard the air quality for people living in the Bay Area.

This program will take a fast look at how regulations have evolved to the current VOC limits, a view of future VOC reductions, and then proceed on to a discussion of how contractors/applicators and owners/facilities have adjusted to the products and performance of low & zero VOC coatings. Our program will include time for questions & answers.

- Chapter Chair:**
- Dan Zavesky, Carboline
- Program Chair:**
- Burt Olhiser, Vantage Point Consulting
- Guest Presenter:**
- Dan Belik, Bay Area Air Quality Management District, Rule Development Manager

## SSPC REGISTRATION FORM / APRIL 26, 2012 Chapter Program
