## SSPC STANDARDS

### How They're Best Used to Get Results

The Nor/CA/Neva Chapter of SSPC is hosting for free all licensed architects and registered engineers to either a luncheon or dinner event where 0.3 CEU's will also be given for attendance. SSPC's Michael Damiano, Director of Product Development and Burt Olhiser, principal of Vantage Point Consulting will address SSPC Standards and how designers can use them to make their painting specifications Clear, Correct, Concise and Complete.

Along with Mr. Damiano and Mr. Olhiser other noted Bay Area coatings experts will be present to answer any and all questions from attendees, presenting a rare opportunity to get your most technical questions on coatings addressed in a competent manner for free—all while eating a tremendous meal as well.
