Coating Specification Blunders & Contract Risks

Our business is about protecting surfaces, but we also need to know how to protect our business. We are proud to have an expert in the field of both surface and legal protection as our guest speaker.

Larry "Skip" Vernon, is President of Coating & Lining Technologies Inc., who is a consulting expert providing coating failure analysis, inspection & testing, claim preparation and expert witness services on coating related issues. Skip has over 20 years of industrial coating experience prior to entering the consulting field in 1991. (He has too many certifications to list!) He served as New Mexico State Senator from 1984-2000, and also graduated from University of New Mexico School of Law 1992.

Don't miss this Question & Answer forum!

Program Chair:

- *Steve Hagman, Kleen Blast Abrasives Inc.*
