“Ask The Pros II”

A ROUNDTABLE QUESTION AND ANSWER SESSION OF COATING ISSUES FACING OUR INDUSTRY TODAY

We invite you to join us for dinner and a spirited discussion of problems facing all of us today. Our “Pros” will answer your questions, help you with your job site situation, shore up your specification, or assist you with any coatings related issue you have. Sample questions or situations might include:

- *What are the allowable VOC limits in the Bay Area?*
- *When should I use de-humidification?*
- *How do I know which surface preparation standard to use?*
- *How do I get qualified contractors to bid my work?*
- *Should I use 3rd party inspection?*
- *Is galvanizing better than inorganic zinc?*

Bring your questions and situations to the meeting and we'll do our best to sort things out. If you're shy you can Email the questions to Dan Zavesky (dzavesky@surewest.net) and we will bring them up during the meeting. Since this is a roundtable, feel free to come at any time and leave at any time once we've helped you out. We think this will be very informative and fun time. You'll get a chance to network with industry professionals as well as learn more about the SSPC. We look forward to seeing you there.
