Benefits of Dehumidification to the Coating Contractor

WHEN:
THU., FEBRUARY 23, 2012

WHERE:
ZIO FRAEDO'S RESTAURANT

611 Gregory Lane, Pleasant Hill
Phone (925) 933-9091

- From I680S, Exit on Gregory Lane
- From I680N, Exit on Contra Costa Blvd.

TIME:
 5:30 p.m. - Check In, Appetizers & No Host Cocktails
 6:00 p.m.- DINNER
 6:45 p.m. - Presentation
 8:30 p.m. - Adjournment

COST: \$35.00 per person includes tax & gratuity
Guest Policy \$0—No Charge for Owners, Architects & Engineers

Please send in the form below. Last minute RSVP?
Fax to (707) 864-9680
Or email: orgnow@comcast.net

No refunds on cancellations less than 24 hours in advance.

Presented by Tim Sasan, GM, Industrial Painting Division, Jerry Thompson & Sons
Co-Sponsored by Polygon and Dryco

This presentation will focus on dehumidification as a means of controlling the working environment. We will explore how dehumidification impedes the corrosion of steel and inhibits flash rusting.

Dehumidification has significant impact on surface preparation and coating operations, and ultimately on the long-term performance of coatings. In many cases, environmental controls such as heating, ventilation, use of protective enclosures, lighting and dehumidification can improve the economics and quality of coatings work.

Dehumidification equipment can be helpful in controlling adverse weather conditions. There is a wide variety of dehumidifiers that can be used to assist the coating contractor in meeting their ambient condition requirements, from the smallest to the large commercial industrial project.

- Tim Sasan has over 20 years experience in the coating industry working for Jerry Thompson & Sons; several high profile projects include: SF City Hall, 1 Rincon Hill, Geary Theater, Legion of Honor, and the Golden Gate Bridge. He is a graduate of the University of San Francisco, and is a member of NACE and SSPC.
- Both Polygon and Dryco are companies that offer engineering and specialized dehumidification equipment for surface preparation for coating, mold & fungus prevention, water damage & remediation, document drying, condensation prevention, and asset/equipment storage.

SSPC REGISTRATION FORM / FEBRUARY 23, 2012 Chapter Program

For pre-payment, make checks payable to: SSPC Northern CA/NV Chapter, mail to: PO Box 2067, Martinez, CA 94553
Otherwise payment is required "At the Door" during attendee check-in. Cash or checks accepted, no credit cards.

Cost per person—\$35.00 x _____ = \$_____ Amount enclosed

GUESTS—Check One: Facility Owner_____ / Architect_____ / Engineer_____

NAMES: _____

COMPANY: _____ PHONE: _____

2012 SCHEDULE OF EVENTS:

February 23— “Dehumidification / Climate Control”

March 19-23—SSPC Training Courses: C3, C5, C7 and C12

**April 26— “Benefits of Using SSPC & NACE
Standards and Certifications”**

June 21— “Coatings Application 101: Hands On Work Stations”

August 16— “Chevron Richmond Refinery Tour”

September 20— Kleen Blast Golf Outing

October 28— “Ask the Pros V”
