The Northern California/Nevada Chapter of the SSPC is proud to present:

"Ask The Pros III"

Roundtable Q&A Session of Coating Issues

We invite you to join us for dinner and a spirited discussion of the problems facing all of us today. Our "Pros" will answer your questions, help you with your job site situation, shore up your specification, or assist you with any coatings related issue you have. Sample questions or situations may include:

- What are the advantages of using 100% solid coatings?
- When should I specify de-humidification?
- How do I know when an SP5 is really needed?
- How do I get qualified contractors to bid my work?
- What are the latest VOC restrictions?
- Is organic zinc better than inorganic zinc?

Bring your questions and situations to the meeting and we'll do our best to sort things out. If you're shy, you can email the questions in advance (anonymously) to Dan Zavesky (DZavesky@surewest.net) and we'll bring them up during the meeting. Since this is a roundtable, feel free to join in on the discussion. We think this will be a very informative and fun time. You'll get a chance to network with industry professionals as well as learn more about the SSPC. We look forward to seeing you there.

Program Chair & Presenter: Dan Zavesky, Carboline
Chapter Chair: Ron Robison, Redwood Painting Co., Inc.
